

Commission communication in the framework of the implementation of the Council Directive 89/106/EEC on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products

(Text with EEA relevance)

(Publication of titles and references of harmonised standards under the directive)

(2007/C 290/12)

The date of applicability of the standard as a harmonised European standard and of the end of the co-existence period, i.e. of withdrawal of conflicting national technical specifications, after which presumption of conformity must be based upon the harmonised European standard, are available at page: <http://ec.europa.eu/enterprise/newapproach/nando/index.cfm?fuseaction=cpd.hs> of the European Commission NANDO information system.

Note 1 Generally the date of cessation of presumption of conformity will be the date of withdrawal ('dow'), set by the European Standardisation Organisation, but attention of users of these standards is drawn to the fact that in certain exceptional cases this can be otherwise.

Note 3 In case of amendments, the referenced standard is EN CCCC:YYYY, its previous amendments, if any, and the new, quoted amendment. The superseded standard (column 3) therefore consists of EN CCCC:YYYY and its previous amendments, if any, but without the new quoted amendment. On the date stated, the superseded standard ceases to give presumption of conformity with the essential requirements of the directive.

Note:

- Any information concerning the availability of the standards can be obtained either from the European Standardisation Organisations or from the national standardisation bodies of which the list is annexed to the Directive 98/34/EC of the European Parliament and of the Council ⁽¹⁾ amended by the Directive 98/48/EC ⁽²⁾.
- Publication of the references in the *Official Journal of the European Union* does not imply that the standards are available in all the Community languages.
- This list replaces all the previous lists published in the *Official Journal of the European Union*. The Commission ensures the updating of this list.
