

Corrigendum to CPD Snapshot (December 2009)

Approved standards cited in the Official Journal (not mentioned in the Snapshot)

1) The following standards are not included in the November version of the Snapshot as a consolidated amended version or a revision of the standard¹ has been published since the last publication of the list of harmonised standards under the CPD in the Official Journal. For this reason, a discrepancy exists between the last version of the list in the OJEU and the monthly Snapshot.

The standards still cited in the Official Journal that will be replaced by the revised or the consolidated amended versions in the next publication are:

- **EN 1856-1:2003** (to be superseded by *EN 1856-1:2009* (published on 2009-06-03) in the next publication of the list of harmonised standards in the OJEU)

- **EN 12966-1:2005** (to be superseded by *EN 12966-1+A1:2009* (published on 2009-11-11) in the next publication of the list of harmonised standards in the OJEU)

- **EN 13707:2004** (to be superseded by *EN 13707:2004+A2:2009* (published on 2009-07-08) in the next publication of the list of harmonised standards in the OJEU)
- **EN 14566:2008** (to be superseded by *EN 14566:2008+A1:2009* (published on 2009-08-05) in the next publication of the list of harmonised standards in the OJEU)
- **EN 15283-1:2008** (to be superseded by *EN 15283-1:2008+A1:2009* (published on 2009-08-19) in the next publication of the list of harmonised standards in the OJEU)

2) The publication of the following standards is currently being discussed with the EC services and therefore they do no longer appear in the list of cited standards in the CEN snapshot:

- **EN 12416-1:2001**
- **EN 12416-2:2001**
- **EN 13565-1:2003**

¹ the consolidated amended and the revised standards are referred to in the snapshot under "Approved standards not yet cited in the Official Journal"
